

Mary on a Cross - Ghost

G#m F#

G#m F#

[Verse]

G#m

We were speeding together

F#

Down the dark avenues

G#m

But besides all the stardom

F#

All we got was blues

C#m E*

But through all the sorrow

G#m F#

We've been riding high

C#m E*

And the truth of the matter is

G#m F#

I never let you go, let you go

G#m

We were scanning the cities

F#

Rocking to pay their dues

G#m

But besides all the glamor

F#

All we got was bruised

C#m E*

But through all the sorrow

G#m F#

We've been riding high

C#m E*

And the truth of the matter is

G#m F#

I never let you go, let you go

[Chorus]

B G#m

You go down just like Holy Mary

D#m F#

Mary on a, Mary on a cross

B G#m

Not just another bloody Mary

D#m F# E*

Mary on a, Mary on a cross

G#m F#

If you choose to run away

B E*

I will tickle you internally

G#m F#

And I see nothing wrong with that

[Verse]

G#m

We were searching for reasons

F#

To play by the rules

G#m

But we quickly found out

F#

It was just for fools

C#m E*

Now through all the sorrow

G#m F#m

We'll be riding high

C#m E*

And the truth of the matter is

G#m F#

I never let you go, let you go

[Chorus]

B G#m

You go down just like Holy Mary

D#m F#

Mary on a, Mary on a cross

B G#m

Not just another bloody Mary

D#m F#

Mary on a, Mary on a...

B G#m

You go down just like Holy Mary

D#m F#

Mary on a, Mary on a cross

B G#m

Your beauty never, ever scared me

D#m F# E*

Mary on a, Mary on a cross

G#m F#

If you choose to run away

B E*

I will tickle you internally

G#m F#

And I see nothing wrong with that
