[Intro] Gm A# D#

[Primeira Parte]

Gm A# D#

The day after you said, "Goodbye"

Gm A# D#

All I did was lay in bed and cry

But after one month, I started to move on

I was better and didn't have to try

Not to think of you, until you reached out  
and said

"Remember that night?"

[Refrão]

Gm            A#

We went for a drive, 2:30 in the morning

I kissed you, it was pouring

We held each other tight

Before the night was over

You looked over your shoulder

Oh, I was doing fine

Not to think of you, until you reached out  
and said

"Remember that night?"
