

Safe Inside - James Arthur

F#m D

I remember when you were all mine

A

Watched you changing in front of my eyes

E

What can I say

F#m D

Now that I'm not the fire in the cold

A

Now that I'm not the hand that you hold

E

As you're walking away

A E

Will you call me to tell me you're alright

D

Cause I worry about you the whole night

Don't repeat my mistakes

A E

I won't sleep 'til you're safe inside

A E

If you're home I just hope that you're sober

D

Is it time to let go now you're older

Don't leave me this way

A E

I won't sleep 'til you're safe inside

F#m D

Everyone has to find their own way

A

And I'm sure things will work out okay

E

I wish that was the truth

F#m D

All we know is the sun will rise

A

Thank your lucky stars that you're alive

E

It's a beautiful life

A E

Will you call me to tell me you're alright

D

Cause I worry about you the whole night

Don't repeat my mistakes

A E

I won't sleep 'til you're safe inside

F#m E

If you're home I just hope that you're sober

D

Is it time to let go now you're older

Don't leave me this way

A E

I won't sleep 'til you're safe inside

F#m C#

If you make the same mistakes

D

I will love you either way

A E

All I know is that I can't live without you

F#m C#

There is nothing I can say

D

That will change you anyway

A E F#m

Darling, I could never live without you

I can't live, I can't live

Will you call me to tell me you're alright

Cause I worry about you the whole night

Don't repeat my mistakes

I won't sleep 'til you're safe inside

If you're home I just hope that you're sober

Is it time to let go now you're older

Don't leave me this way

I won't sleep 'til you're safe inside

Will you call me to tell me you're alright

Cause I worry about you
